sponsored by the Longmeadow Historian

The 1907 photo shows the Captain Simon Parker house located at 777 Longmeadow Street which was moved to Williams Street to provide space for the First Church Parsonage (now the Montessori School)

In this 1923 photo you can see the new locations of the First Church Chapel and the house from 777 Longmeadow St. In addition the Parsonage has been relocated to the former location of the house at 777 Longmeadow St. to make room for the construction of the Community House.
